

YWCA NS-BAP is an affordable (little to no cost w/subsidy) **Before and After School program** that will be **offered beginning September 2023 at Chebucto Heights Elementary School, for children four to twelve years of age.** We currently have Before and After School programs (BAP's) at Rockingstone Heights Elementary and Central Spryfield Elementary.

**We are very excited to offer this program (NEW) this coming fall to Chebucto Heights Elementary!**

This program is an extension of the YWCA Early Learning and Child Care Programs. This new program will be fun, exciting and adventurous, with a focus on active physical play during program hours and is supportive of the Provincial Government's "Let's Get Moving" action plan.

The key guiding pillars of this program include 24-hour movement guidelines, outdoor play, physical literacy, and inclusive and culturally responsive practices.
